

Full job description

Driver/Technician - Belvedere

£24544 - £28080 per year (depending on experience)

Full-Time 40 hrs/week

8:00 am - 5:00 pm

Driver required for successful survey equipment company in Belvedere. In this varied role, you'll be required to prepare equipment for despatch ensuring all components and paperwork are present, then make deliveries and collections of equipment to the building trade on construction sites, head offices and plant yards. You will also be trained to clean, repair, service and calibrate the equipment at our depot.

This role requires a person with a high level of attention to detail, methodical and mathematical minded, who has the ability to take direction, learn new skills efficiently and wants to progress within their role. We are an expanding company and undergoing a restructure of the job roles enabling us to offer this exciting opportunity where the current driving role will be split with workshop duties.

Key Responsibilities:

Deliver/collect equipment.

Follow a prescheduled route for timely deliveries.

Assess damage or identify missing items.

Address queries during visits.

Demonstrate a high level of customer service.

Be vigilant and security minded with regards to equipment.

Preparing equipment for delivery.

Clean, repair and calibrating equipment. (full training will be given)

Requirements:

Essential

Over 25 (for insurance purposes)

Current valid driving licence with at least 3+ years.

Understanding of and ability to deliver great customer service.

Excellent communication skills.

Ability to work well independently and as a team player.

Attention to detail.

Flexible can-do attitude.

Preferred

Interest and experience in electronic and computerised devices.

Experience of driving in London and surrounding counties.

Benefits

Holiday pay. (21 days annual leave plus Bank holidays)

Employee Pension Scheme (On completion of 3-month probation period)

Eye Care Vouchers

Company polo shirt, site boots, safety & high vis gear
Training opportunities
Career progression and training opportunities.

Additional Information:

Caddbro is a family-run business that has been serving the surveying and construction industry over the past 25 years. Whether that is hire, calibration or sales, our team always strive to give the same quality service we have done since day one.

We are an authorised main dealer and service/repair centre for Leica Geosystems. Leica are a Swiss company and are renowned worldwide for their quality and excellence in the field of surveying equipment.

We offer a bespoke service to our customers, and pride ourselves in being well known for our product knowledge, quality and speed of service and attention to detail.
